Child pages:

## Step-by-step guide

1. Contact Perception Park ([info@perception-park.com](mailto:info@perception-park.com)) about your wish
2. We will grant access to the sandbox space to you
3. Add an example page of your data to the sandbox. See the [Upload an Example Data Set](#) page for further reference.
4. Inform Perception Park about your example data page available
5. After verification, the page gets published in the download space accessible to other users.

Please add only data of your origin. Add a picture and contact information in order other users can refer to you as donor. Perception Park will not proof issues on copyrights.
